T.V. Gender 3.b - National Projected Increase in Incarceration Rates by Gender

Targeted Impact	Teen Violence	
Domain	United States	
Risk Factor		
Indicator	Trends in Felony Adjudications By Gender State and Nation	
Definition	National Trends in Felony Adjudications By Gender In 1990 female incarceration rates were 10 boys to 1girl but in 2000 the rate is only 4 boys to 1 girl. Local Data does not seem to support observations of local agencies who agree the local rate of teen female violence is closer to that of males. More data is being sought.
